Notes:-

Originally position 236 scanned as chip 100 Vicky Cawley (Badgers). However, from Badgers she did not finish this high up and had a watch time that fitted with the chip that scanned as 148 in p. The runner has therefore been placed down into this position.

Position #353 Richard Watson (Hermitage) - runner took a place from a teammate but the transfer was not completed correctly. As such the place was invalid and the runner has not been score purposes. The runner does keep his time and overall finishing position as no athletics rules were broken. The non-transfer was human error.

Position #200 - Originally scanned as chip number 713, however photographic evidence has shown this place was finished by runner #310 Wayne Franklin (Birstall). Chip 713 belongs to Ivanhoe allocated on the day.

Position #285 - Originally scanned as chip number 91 Serena Baker (Badgers). However, Badgers confirmed this runner did not finish the race and runner #129 Karen Thompson finished in this t position. It appears there was a chip mix up.
